COVER

**Availability.** Activa launches **Fall 2026**. Open for design specification now — TaLedi can confirm pricing, send finish samples, and produce shop drawings ahead of launch; production lead times confirmed at launch. Quantum and Forte are available now from the same Hussey's Camatic line.

Activa is the Hussey's Camatic stanchion-mount VIP seat for premium rooms outside the main bowl: suites, premium club rooms, film viewing rooms, dressing-room lounges, and ultra-premium venue sections. The **gravity-tilt seat mechanism** is concealed and silent; custom finishes available; engineered for **near-zero maintenance**. Activa is engineered for fixed-floor installation, with the same VIP-grade comfort and silent gravity-tilt action found across the premium Hussey's Camatic line. **EN 12727 Level 4** certified.

IMG-ACT-02

## Venues Activa is built for

VENUE TIER	RECOMMENDED CONFIGURATION	WHY IT FITS
Premium suite — arena / stadium	VIP suite, owner's box, premium-club lounge	Bolts to the suite floor — works where a beam-mounted system can't reach
Film / screening room	Premium film room or in-venue cinema	Compact form factor; near-zero maintenance suits low-traffic premium use
Premium club lounge	Pre-game / post-game lounge with fixed seating	VIP-grade upholstered comfort in an intimate room
Boardroom / executive viewing	Stadium HQ or arena office tower	Refined finish; logo debossing or stitching on backrest

## Fixed stanchion-mount

Activa is **fixed stanchion-mount** — bolted to concrete or wood substrate at the project site, for fixed-floor installations only.

- **Retractable VIP**  
— specify Forte on MAXAM+.
- **Fixed beam-mounted VIP**  
— specify Clarity Sport.

## Core features and options

### Gravity-tilt seat mechanism

concealed, silent, smooth and reliable. Independently tested to **100,000 self-rising cycles**.

### VIP-grade upholstered comfort

molded polyurethane foam (same family as Forte).

### Custom finishes

fabric, leather, and specialty upholstery; custom stitch patterns and finishes available.

### Near-zero maintenance

concealed mechanism resists dust, debris, and accidental contact.

**Compact form factor**

sized for suite and premium-room layouts.

**21 standard polymer colours**

on visible shell components; custom on request.

**Logo**

debossing or stitching on backrest.

**Cup holders**

rear- or arm-mount.

**Identification**

end-of-row and seat-identification plates.

**Row lighting**

low-voltage row-edge lighting options.

**Easy Access Armrest**

at aisle-end stanchion — barrier-free transfer.

§ 05

FABRIC & FINISH

Upholstery is open-spec across the manufacturer's standard fabric, leather, and specialty ranges — custom stitch patterns and finishes available. Fabric, finish, and metalwork are coordinated by TaLedi at quote.

§ 06

CODES, STANDARDS & WARRANTY

**NFPA 102 · GREENGUARD Gold · CWB W47.1 · CSA B651 + BCBC 2024 §3.8 / NBC 2020 §3.8 · EN 12727 Level 4 · 100,000 self-rising cycles** independently tested.

**Backed for the long term**

**Limited Lifetime structural warranty**, conditional on Hussey-approved installation. **5 years** on chair components, gravity-tilt mechanism, finishes, and upholstery stitching. Service administered locally by TaLedi.

## Submittal

Full submittal package — test reports, fabric samples, installer certification — available at launch (Fall 2026).  
Pre-launch design specification, finish samples, and pricing available now from TaLedi.
