GYMNASIUM · CONVENTION · ARENA · COURTSIDE

Fold flat. Link into rows. Roll to storage.

Three series, 24 models, one galvanized-steel platform — built for venues that need seating on demand.

Clarin's portable folding chair starts with an **18ga galvanized-steel DTC X-Frame** — a construction found in arenas and convention centres from San Diego to Raleigh — and offers three cushion depths so you can match the chair to the event and the audience. **11ga heavy-duty ganging brackets** align rows at crowd scale; **non-marring foot inserts** protect gymnasium and arena floors. When the event is over, chairs fold to as little as **2⁵/₈" (67 mm)** flat and stack onto transport carts for compact storage.

Where Clarin delivers

VENUE TIER	RECOMMENDED CONFIGURATION	WHY IT FITS
Gymnasium / K-12 multi-purpose	Clarin MS100	All-metal 20ga seat and back — no upholstery to damage; 15 lb (6.8 kg); 2 ⁵ / ₈ " (67 mm) folded — densest storage in the catalogue
Theatre / performing arts	Clarin PS100W	3 ¹ / ₂ " (89 mm) contour seat + 2 ¹ / ₄ " (57 mm) contour back; 19 ¹ / ₄ " (489 mm) wide frame; spot-welded joints
Convention centre / banquet	Clarin DS100	Deep cushioning (2 ¹ / ₂ –3" seat / 1" back); 4 ¹ / ₂ " (114 mm) folded; 11ga ganging; San Diego Convention Centre install
Stadium / arena floor	Clarin ABS800	Full K leg brace + welded cross-brace; 11ga ganging for crowd-scale layouts; Chase · Toyota · PNC Arena references
Courtside / sideline bench	Clarin PS100W-S	Manual uplift seat; 3 ¹ / ₂ " (89 mm) cushion; logo-customisable for team branding

Portable deployment

Clarín is **portable folding** — not retractable, not fixed-floor. Chairs deploy from transport carts, link into straight rows via 11ga ganging brackets, and fold back to **as little as 2 $\frac{5}{8}$ " (67 mm)** for compact stacked storage.

All models share an **18ga galvanized-steel DTC X-Frame** (MS100 retains the 18ga frame with 20ga metal seat / back). Front-leg bracing is a **K Brace** standard, upgraded to **Full K Brace with welded cross-brace** on convention, arena-floor, and courtside models — standard across the full Premium and Logo series.

— Three series

— Spectator (12 models, workhorse) · Premium (4 models, contour-molded thick cushion) · Logo (6 models, custom vinyl team marks / venue wordmarks / sponsor panels).

— Key dimensions

— frame width 18 $\frac{1}{4}$ " (464 mm) standard / 19 $\frac{1}{2}$ " (495 mm) wide-frame · open height 33"–37" (838–940 mm) · folded height 2 $\frac{5}{8}$ "–7" (67–178 mm) · weight 15–29 lb (6.8–13.2 kg).

— Linking

— 11ga heavy-duty metal linking brackets gang chairs into straight-line rows. **Non-marring molded metal foot inserts** protect finished floors.

Spectator · Premium · Logo

Spectator Series — 12 models

Workhorse of the catalogue. 18ga galvanized DTC X-Frame with 1–3 $\frac{1}{2}$ " upholstered seat cushion and 1" back; 11ga ganging standard. **MS100** uses a 20ga all-metal contour seat and back for hard-use gymnasiums — no upholstery to maintain.

Premium Series — 4 models

Thick contour-molded cushions — **3 $\frac{1}{2}$ " (89 mm) seat, 2 $\frac{1}{4}$ " (57 mm) back** — in a taller 37" (940 mm) open / 45" (1 143 mm) closed frame. Full K brace standard. Go to for theatre lobbies, performing arts, and premium event seating.

Logo Series — 6 models

Custom vinyl team marks, venue wordmarks, or sponsor panels on Spectator or Premium frame. **ABS800 family** is the arena-floor chair at Chase / Toyota / PNC Arenas. **PS100-S** is the courtside player-bench chair.

Manual uplift seat

Most Spectator and all Premium and Logo models — seat pivots up when unoccupied, reducing housekeeping effort between events. MS100 and CS100 use fixed seat positions.

Ganging brackets

11ga heavy-duty metal linking brackets standard — align chairs into straight-line rows at crowd scale.

Identification & branding

Logo Series accepts custom vinyl printing — team marks, venue wordmarks, sponsor panels — applied to seat and back per project artwork.

Transport carts

Dedicated transport carts for deployment and folded storage; coordinate cart quantity and dedicated storage area per project scale.

Fourteen standard vinyl colours across the full catalogue — White · Athletic Gold · Orange · Red · Colombia Blue · Royal · Navy · Light Purple · Black · Burgundy · Maroon · Kelly Green · Dark Green · Silver.

Logo Series models accept custom vinyl printing on seat and back per project artwork — team marks, venue wordmarks, sponsor panels.

ANSI/BIFMA X5.1 seating structural requirements · **CSA B651 + BCBC 2024 §3.8 / NBC 2020 §3.8** (layout-level barrier-free coordination — accessible positions within the linked-row plan per the governing jurisdiction). Confirm current BIFMA test reports with Clarin / Spec Seats at submittal.

Backed for the long term

Manufacturer's warranty per Spec Seats / Clarin terms — confirm at submittal. **Service administered locally** by TaLedi.

Submittal

Full submittal package — **BIFMA X5.1** test report for specified model(s) · shop drawings or configuration sketch showing row layout, ganging spacing, and storage cart footprint · colour selection from the 14-colour vinyl palette (or Logo Series custom artwork file) · storage plan with cart quantity and dedicated area · accessible position plan per **CSA B651 / BCBC §3.8**. Available on request from TaLedi.
