STUDIO THEATRE · PERFORMANCE SPACE · MULTIPURPOSE

Premium upholstered bench — purpose-built for studio theatres, performance spaces, multipurpose halls, and schools that need bench-format flexibility with a finish tier suitable for studio-theatre sightlines.

A **full-depth backrest with integrated steel protection strip**, **integral fascia** in laminate or veneer, and a slim **11¾" (300 mm) closed envelope** deliver theatre-grade aesthetics on a retractable platform. Seat centre as narrow as **17¾" (450 mm)** keeps capacity high without giving up the upholstered look.

IMG-CBH-02

Venues Club Bench is built for

VENUE TIER	RECOMMENDED CONFIGURATION	WHY IT FITS
Studio theatre / black-box	MAXAM+ with full-depth backrest, Camira Xtreme upholstery	Steel-protected backrest, theatre-grade silhouette, slim envelope
Performance space (school / college)	MAXAM+ with integral laminate fascia	Premium bench tier on a teaching stage
Multipurpose hall (mid-tier)	MAXAM+ with backrest-omit option on narrowest row depths	Capacity-maximising bench format with optional comfort upgrade
Premium retractable rows in a mixed bank	MAXAM+ Club Bench in select rows; CourtSide bench elsewhere	Designate a club tier within an otherwise standard bench bank

Mounts to MAXAM+ only

Club Bench mounts to the **MAXAM+** telescopic platform via the standard bench attachment. **Standard MAXAM does not support Club Bench** — any Club Bench spec drives the platform decision to MAXAM+.

For other telescopic-bench options on MAXAM, see the **CourtSide Bench & Polymer Seating System**.

— Construction

— seat structure: plywood with CMHR foam, fully upholstered. Backrest: full-depth, plywood, fully upholstered, integrated steel protection strip. Fascia: integral laminate (Kronospan range) or veneer. Mounting: beam-mount, rail-engaged on MAXAM+. Folding mechanism: manual folding seat; backrest folds onto platform before closure.

— Key dimensions

— minimum seat centre 17¾" (450 mm) · row rise 9½"–11½" (244–295 mm) standard; custom Club Bench sections engineered for rises above the standard range · maximum section length 7'-11¼" (2 420 mm) · bench height 31¾" (808 mm) · seat height 16¾" (423 mm) · open / closed envelope 18" / 11¾" (455 / 300 mm).

Backrest, fascia, and finish

Backrest — standard

Full-depth with steel protection strip **standard**.

Backrest-omit

Available on narrower row depths or where layout-level barrier-free clearances require it — supports CSA B651 / BCBC §3.8 compliance.

Fascia

Laminate from the **Kronospan range**; veneer on request.

Metalwork

RAL 9005 satin black powder coat standard; full RAL palette on request.

Identification & branding

Seat numbering and row letters coordinated with venue branding.

Slim-profile fabrics required to clear the retractable mechanism. Fabric selected per project — contact TaLedi for the upholstery selection guide.

NFPA 102 · GREENGUARD Gold · CSA B651 + BCBC 2024 §3.8 / NBC 2020 §3.8 (Canadian barrier-free; backrest-omit option supports clearance where required) · **CWB W47.1 Div 3 · EN 12727 Grade 4 · BS 5852 · ICC 300** (via MAXAM+) · **ICC-ES ESR-5033**. Eligible under **Canoe Procurement Group #081523-HSC**.

Backed for the long term

5 years parts and labour on the Club Bench chair, conditional on **prescribed-interval service by a Hussey-approved installer. Service administered locally by TaLedi.**

Submittal

Full submittal package — test reports, ICC 300 / ICC-ES ESR-5033 platform evaluation, fascia laminate or veneer selection, backrest-omit row plan if specified, MAXAM+ shop drawings — lives in the formal **Club Bench Performance Specification** filed under **CSI Section 12 66 13**. Available on request from TaLedi.
