PUBLIC SEATING SYSTEMS

COVER

**CONVERTIBLE AUDITORIUM · SINGLE-PERSON TURNOVER**

A formal auditorium that becomes an open hall in minutes.

Rollable is Hussey Seatway's fully removable, single-person-operation seating system. **Frames of up to 11-12 chairs** ride on integral 360°-manoeuvrable castors and lock into place via a discreet foot lever — **no permanent floor fixing required**. A foam rubber base protects the floor.

One operator can strike an entire bank, wheel it to storage, and clear the room — turning a formal auditorium into an open hall in minutes. The **chair-on-frame architecture** means the audience experience matches the venue's retractable installation: Gallery 3, S-200, or Space.

IMG-RLB-02

## Venues Rollable is built for

VENUE TIER	RECOMMENDED CONFIGURATION	WHY IT FITS
Convertible auditorium	Gallery 3 on Rollable	Performing-arts and civic venues that strike for receptions, rehearsals, or open-floor events
Lecture / education	S-200 on Rollable	University multi-use halls, lecture spaces that double as banquet rooms
Premium multi-use	Space on Rollable	Hotel ballrooms and conference centres prioritising chair comfort
Worship / community	Gallery 3 or S-200 on Rollable	Worship venues balancing assembly seating and rehearsal flexibility

## Rollable is the platform — pick the chair

Rollable is itself the platform — a mobile castor-mounted frame system that carries Hussey Seatway chairs as removable banks: **Gallery 3** (flagship auditorium chair), **S-200** (auditorium and lecture chair family), and **Space** (premium auditorium chair).

Banks lock side-to-side via linking bars; row spacing held consistent across multiple banks. Chair upholstery, armrest, and finish options follow the **selected chair model's standard specification**.

### — Configurations

— Rollable + Gallery 3 / S-200 / Space (mobile linked-row) · integral 360° castors (standard) · foot-lever lock (standard, discreet — no permanent floor fixing required) · foam rubber base (standard, floor protection during deployment and strike).

### — Key dimensions

— seat centre 19"–22" (480–560 mm) · total chair height 32¼" (819 mm) · seat height 18" (460 mm) · open / closed envelope 20½" / 15" (519 / 381 mm) · design row depth 35½" (900 mm) · **11–12 chairs per frame**.

## Options & finish

### Integral 360° castors

Manoeuvrable in any direction; no separate dolly required.

### Discreet foot-lever lock

Secures the frame against shift in audience mode — no permanent floor fixing.

### Foam rubber floor-contact base

Protects floor finishes during deployment and strike.

### Side-to-side linking bars

Removable; row spacing held consistent across multiple banks.

### Aisle-end Transfer Arm

Where supported by the selected chair — barrier-free wheelchair transfer for CSA B651 / BCBC §3.8 compliance.

### Identification & branding

Recessed seat numbering · row letters · donor plaques on aisle end-caps.

### Storage plan support

TaLedi will scope where banks roll to when de-installed.

### Powder-coat metalwork

RAL 9005 Satin Black standard.

**Chair finishes follow the selected chair model's standard catalogue.** Hussey Seatway upholstery is open-spec across Camira, Bradbury, and Fidivi — Camira Xtreme · Camira Era · Fidivi Radio · Bradbury Flamblend pre-vetted; fabric selected per project, other compliant lines specified on request. **Durable high-Martindale fabrics recommended** for Rollable's high-cycle multi-use applications.

**NFPA 102 · GREENGUARD Gold** (certified for North American projects on request) · **CSA B651 + BCBC 2024 §3.8 / NBC 2020 §3.8** (Canadian barrier-free) · **EN 12727 · BS 5852.**

## Backed for the long term

**5 years** parts and labour on the Rollable frame (castors, lock mechanism, structure) and the chair top-mount — Hussey Seatway Limited Guarantee. Fabric warranty per upholstery manufacturer's terms. **Biennial inspection cadence** by a Hussey Seatway-approved service technician. **Service administered locally by TaLedi.**

## Submittal

Full submittal package — test reports, shop drawings showing bank configurations, storage plan, chair-model datasheet for the selected top-mount — lives in the formal **Rollable Seating System Performance Specification** filed under **CSI Section 12 61 00**. Available on request from TaLedi.
